Please note: there are other 'helper' and 'leadership' opportunities that come up throughout the year, students should pay close attention to the daily announcements for information about signing up and try-outs (if applicable). As well, we encourage all students to look for opportunities to build their skills and contributions to St. Matthew, but often, clubs and teams have a maximum number of participants being accepted. It is up to the individual staff leaders, coaches, and organizers to set the number of students being accepted and the criteria for acceptance.
